

There is no Monthly Meeting in December

Our next meeting will be Tuesday 27th January when the speaker will be:

Dr. Rob Daniels

He will talk about his work in Nepal and Rwanda and the projects for improving community health

COMMITTEE

We would like to wish everyone a happy Christmas
and a peaceful New Year

GROUPS

Wanderers Walking Group

The Wanderers walking group meets on the morning of the 4th Tuesday in the month. It caters for those walking enthusiasts whose abilities lie between the rampant Striders and the gentle Amblers.

It is one of our more recent groups and has proved to be very popular.

Wendy Smith, the leader and founder, is moving on to new pasture so sadly the group's existence can no longer be guaranteed beyond March 2026.

If you would be interested in taking over the leadership of the group then please call Sandy Caple on 01297-21034.

OTHER ITEMS

East Devon District Council have issued a scam alert regarding parking fine texts:

Scammers pretending to be from local authorities have been sending texts claiming that the recipient has an unpaid parking fine. Please note that East Devon District Council doesn't send text messages about parking fines.

If you're ever in doubt about whether a message is real, please check with the organisation that you suspect is being impersonated, by contacting them through their official channels. You can [report scams by using Report Fraud's online reporting tool](#), and by forwarding texts to your mobile network provider using the number 7726.

On the subject of parking:

Make sure any purchases or personal items are completely out of sight when leaving your car, especially at this time of year. Also, take care to enter registration details correctly and keep your receipts. Seaton's Grove Car Park in particular is well known for being "over enthusiastic" in issuing parking fines.
