

MONTHLY MEETING
2pm TUESDAY 26th MAY
at The Gateway, Seaton

RESTORING NATURE IN NEPAL

A talk by Philip Holmes, Founder of Pipal Tree

The past few months have seen dramatic changes in Nepal, with a 36-year-old former rapper (that's a cool trendy musician) winning a landslide general election in March to become Nepal's youngest ever Prime Minister. Against a backdrop of constitutional revolution and change, Philip Holmes will return to the club to describe how his charity is transforming the natural environment in Kathmandu and south Nepal. His will be an up-beat message - a blast of true optimism that we all need in this troubled world....

He will also talk about the fundraising that has underpinned this charitable effort, including his running four marathons so far this year - at the age of 66!
